Art Unit: 1724

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-7, 18-21 and 26 are again rejected under 35 U.S.C. § 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which Applicant regards as the invention. The term "including a backwash water inlet comprising a plurality of panel members" (claim 1, lines 2-3) is deemed to be misdescriptive, since it is not readily apparent that the inlet of the underdrain assembly includes the recited panel members. The term "is formed generally as a hat section" (claims 6 and 7, lines 2-3) is vague, and indefinite as to the limitation intended, since it is not clear what structural configuration is represented by the terms "generally" and "hat section." The term "slotted apertures respectively are varied from panel element to panel element" (claim 18, lines 9-10) is vague, and indefinite as to the structural limitation intended. The term "including a backwash water inlet for controlling backwash water flow from said backwash water inlet" (claim 26, lines 1-3) is vague, and indefinite as to the limitation intended.

Art Unit: 1724

Claims 1-7, 18-21 and 26 would be allowed if rewritten or amended to overcome the above rejection under 35 U.S.C. § 112. Also, the non-elected claims 8-17, 22-25 and 27-39 should be canceled.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
